## SUBJECT INDEX

VOLUME 70, JULY-DECEMBER, 1970

### ORIGINAL ARTICLES, AND NOTES, CASES, INSTRUMENTS

Note: Abstract Index follows Author Index

#### A

Accommodative convergence/ accommodative ratio in families with and without esotropia, gradient, 558  
Adenocarcinoma of glands of Moll, case report of, 984  
Adhesive, isobutyl cyanoacrylate, removal of, from cornea with acetone, 725  
**ANGIOGRAPHY, FLUORESCINE, film strip adaptor for projection of, 291**  
in experimental ocular hypertension, 351  
melanoma, nonfluorescent, 748  
pseudofluorescence, a problem in interpretation of, 1  
**Anophthalmia, multiple anomalies, and unusual karotype, 381**  
Anterior chamber cleavage syndrome, corneal transplantation in, 942  
**A-pattern horizontal deviations, complications following bilateral superior oblique weakening surgical procedures for, 583**

#### B

Basal cell carcinoma of the eyelids, reappraisal of, 329  
Bick procedure, repair of ectropion using, 233  
Binocular indirect ophthalmoscope, portable transformer for, 430  
Biopsy, conjunctival, for histochemical diagnosis of cystinosis, 278  
Blindness, etiology of, in Nigerian children, 533  
Boeck's sarcoid, case of dacryocystitis secondary to, 1011  
**BOOK REVIEWS:**

#### C

Calcification of orbital vessels, 321  
Carcinoma, basal cell of the eyelids, reappraisal of, 329  
glands of Moll, 984

Cataract, extraction, a late complication of vitreous wick syndrome, 483  
peripheral corneal edema after, 326

Central retinal vein occlusion following peritoneal dialysis, 337

Chalazion, "collar-stud," surgical treatment of, 435

Choroidal detachment, bilateral annular, and myopia, 853

Chorioretinal folds, benign, 14

Choristoma, epibulbar osseous, within epibulbar dermoid, 764

Chromosome 18 deletion defect, ocular and cerebral abnormalities in, 391

Coloboma, bilateral macular, unusual case of progeria-like dwarfism with, 968

Color and form sense, dissociation following stroke, 101

Congenital keratoconjunctival adhesion, 975

Conjunctival biopsy for histochemical diagnosis of cystinosis, 278

Conjunctival tumors, nonpigmented, and pingueculas among Africans, 757

Conjunctivitis, inclusion, in American Indians of the Southwest, 363

Contact lenses, scleral, in the dry eye, 37

CORNEA, edema, diffuse, result of transplantation in presence of, 20  
edema, peripheral, after cataract extraction, 326  
endothelial permeability, in vivo studies of human, 45  
grafts, clear, effect of intraocular surgery on, 719  
grafts, normal and rejecting, fine structure of regenerating endothelium and Descemet's membrane in, 48  
inflammatory disease, pathogenetic approach to therapy of peripheral, 65

Lattice dystrophy of, as variety of amyloidosis, 822  
preservation in evisceration, 855  
transplantation in anterior chamber cleavage syndrome, 942

**CORRESPONDENCE:**  
Action of oblique muscles, 653  
Bank notes and the blind, 859  
Congenital corneal dystrophy, 656  
Corneal ulcers in rubella, 442  
Diabetic lacy vacuolation of iris pigment epithelium, 1023  
Fight for Sight, Inc., 311  
Higher frequency of retinal detachment in right eyes, 312  
Methods of obtaining postmortem eyes for study, 149  
New eyelid clamp, 859  
Potassium iodide dosage levels, 151  
Results of primary glaucoma surgery in Negroes, 150  
Training course offered in lens implantation, 655

Corticosteroid, effect on corneal collagenase of rabbits, 744  
induced ocular hypertension in pseudo-exfoliation of lens capsule, 90  
testing, cup/disk ratio and, 861

uveitis in association with topically administered, 883

Cryotherapy in experimental herpes simplex keratitis, 33

Cystinosis, histochemical diagnosis of, 278

**D**  
Dacryocystitis secondary to Boeck's sarcoid, report of case of, 1011

Dacryocystography, kinetic, 1010

Dendritic figure, morphogenesis of, in herpes simplex keratitis, 722

Diabetic retinopathy and computer processing, 548

Dialysis, peritoneal, central retinal vein occlusion following, 337

Dry eyes and scleral contact lenses, 37

Duane's retraction syndrome and cleft palate, 209  
associated with Goldenhar's syndrome, 945

**E**  
Ectopia lentis, mandibulofacial dysostosis with, 947

Edema, diffuse, results of transplantation in presence of, 20  
peripheral corneal, after cataract extraction, 326

Electro-oculography as test of retinal function, 505

Electroretinography in connective tissue diseases treated with hydroxychloroquine, 515  
toxic effect of thermal neutrons on, in rabbits, 814

Ectropion, repair of, using Bick procedure, 233

**EDITORIALS:**  
Fatal fever with anesthesia, 858  
Fourth Spring meeting of Horacio Ferrer Eye Institute, 147

Ocular injuries, preventive ophthalmology, and optimal opticianry, 651  
Summaries, 441

The 1970 Academy, 1021  
The 1970 AOS meeting, 301

Encephalomyelitis, subacute necrotizing, ocular findings in, 599

Entropion repair, modification of buried horizontal sutures for, 236

Epikeratoprosthesis in rhesus monkeys, 997

Esotropia, gradient accommodative convergence/accommodative ratio in families with and without, 558

Evisceration, corneal preservation in, 855

Exophthalmos from ruptured intracavernous carotid aneurysm, 830

Eye drops, scopolamine, toxic effects of, 637

Eyes, dry, and scleral contact lenses, 37  
position, influence of, on fixation and acuity, 199

Eyelids, reappraisal of basal cell carcinoma of, 329  
totally avulsed upper and lower, delayed primary repair of, 230

**F**  
Fine structure of regenerating endothelium and Descemet's membrane in normal and rejecting corneal grafts, 48

Finland, some features of ophthalmology in, 422

Fixation behavior, influence of eye position on, 199

Fluorometholone, double-blind study of, 739

Fluorescein angiography (see Angiography, fluorescein)

Flaxseed, ophthalmic, flaxseeds in, 287

Foreign body, retinal detachment after manipulation of magnetic, 10

**G**  
Gentamicin ophthalmic preparations, clinical and bacteriologic evaluation of, 734

Glands of Moll, case report of adenocarcinoma of, 984

GLAUCOMA, iris processes and, 905  
mechanisms in ocular malignant melanomas, 898  
open-angle, and ocular hypertension, method of assessing choroidal ischemia in, 912  
primary open-angle, role of blockade of Schlemm's canal in pathogenesis of, 691

Granthamostomias, ocular, 276

Goldenhar's syndrome, Duane's retraction syndrome associated with, 945

Goniotomy, long-term results of, 715

**H**  
Hemangiopericytoma, orbital, or vascular meningioma? 103

Hering's law applied to the near reflex, 579

Herpes simplex keratitis, experimental, cryotherapy in, 33  
morphogenesis of dendritic figure in, 722

Hetrazan, topical, in treatment of ocular onchocerciasis, 741

Hippus and other spontaneous pupillary waves, 935

Hyperlipoproteinemia, ocular manifestations of, 563

Hypertension, ocular, and open-angle glaucoma, method of assessing choroidal ischemia in, 912  
ocular, corticosteroid-induced in pseudo-exfoliation of lens capsule, 90  
ocular, fluorescein angiography in experimental, 351

Hyperviscosity syndrome, retinal circulation in, 588

**I**  
Inclusion conjunctivitis in American Indians of the Southwest, 363

Inferior oblique surgery, bilateral incyclotropia following, 431

Inflammation, effect of structural alterations on anterior ocular, 886

Injuries, ocular, orbital, and cerebral, from flare pen-gun, 224

Injuries (*continued*)  
 severe silver nitrate, 227  
 sustained in the dental office, 221  
 totally avulsed upper and lower eyelids, delayed primary repair of, 230

INSTRUMENTS, method for attaching, to fingers, 292  
 nasal speculum, self-illuminating, in orbital exploration, 434  
 operating microscope, modification of, 636  
 projection of fluorescein angiogram film strips, adaptor for, 291  
 relay activated system of instrument switching, 427  
 retractor, iris, for cryoextraction of lens, 139  
 retractor, iris, mounted laterally on anterior chamber irrigator, 138  
 retractor, rake and shovel, for orbital blow-out fracture repair, 140  
 transformer, portable, for binocular indirect ophthalmoscope, 430

Interferon induction in rabbit and human tears, 1006  
 Intraocular nematode in man, 826  
 pressure, effect of optic nerve transection on osmotic alterations of, 214  
 pressure, oral isosorbide and, 630  
 surgery, effect on clear corneal grafts, 719

Iris processes and glaucoma, 905  
 Ischemia, choroidal, method of assessing in open-angle glaucoma and hypertension, 912  
 Isosorbide, oral, and intraocular pressure, 630

**K**  
 Keratoconjunctivitis, *Serratia marcescens*, 31  
 Keratoconus, diagnostic illumination test for, 141  
 management with corneal and scleral lenses, 624  
 Keratopathy, bullous and band-shaped, in progressive facial hemiatrophy, 42  
 Keratoplasty, penetrating, in infant with sclerocornea, 609  
 in treatment of fungus keratitis, 24  
 refractive, 614  
 Keratitis, fungus, penetrating keratoplasty in treatment of, 24  
 herpes simplex, experimental, cryotherapy in, 33  
 morphogenesis of dendritic figure in, 722  
 Klippel-Trénaunay-Weber syndrome, surgical management of orbitofrontal varix in, 109

**L**  
 Lacrimal gland tumor, benign mixed, report of malignant transformation of, 767  
 Latice dystrophy of cornea as variety of amyloidosis, 822  
 Laurence-Moon-Bardet-Biedl syndrome, 524  
 Lens capsule, pseudo-exfoliation of, corticosteroid-induced ocular hypertension in, 90  
 Lenses, corneal and scleral, management of keratoconus with, 624  
 Light exposure, retinal recovery from, 187

**M**  
 Macular degeneration, senile, 498  
 Malignant transformation of benign mixed tumor of lacrimal gland, 767  
 Mandibulofacial dysostosis with ectopia lentis, 947  
 Mannitol, topical, ocular penetration of, 849  
 MEETINGS (see also News Items):  
 Commemoration of the centenary of Albrecht von Graefe's death in West Berlin, 1016  
 First congress of the Society for Regional Ophthalmology, 644  
 Japanese Association of Ophthalmology, 1018  
 Kresge Eye Institute alumni 190 clinic day program, 649  
 New York Eye and Ear Infirmary sesquicentennial celebration, 640  
 Oxford ophthalmological congress, 1970, 640  
 Proceedings of the New England Ophthalmology Society, 299, 439, 642  
 Section on ophthalmology, AMA, 1970, 437

 Symposium on ocular inflammations, 144

**N**  
 MEETINGS (*continued*)  
 The 1970 Academy, 1021  
 The 1970 AOS meeting, 301  
 The 1970 Association for Research in Vision and Ophthalmology meeting, 294  
 University of Toronto faculty of medicine 12th annual research meeting, 645  
 MELANOMA, nonfluorescent choroidal, 748  
 ocular malignant, glaucoma mechanisms in, 898  
 ocular malignant, subchoroidal transplantation of experimental, 753  
 Meningioma, vascular, or orbital hemangiopericytoma? 103  
 Microscope, operating, modification of, 636  
 Mucocele, sphenoid sinus, 991  
 Mycosis, tetraploa, 1013  
 Mydriatic effects of phenylephrine hydrochloride, 729  
 Myopia, bilateral annular choroidal detachment and, 853  
 high, syndrome of congenital, with nyctalopia, 541  
 Myotomy, marginal, indications for and technique, 574  
 quantifying the marginal, 204

**N**  
 Near reflex, Hering's law applied to, 579  
 Nematode, intraocular, in man, 826  
 Nerve fiber anatomy, method for permanent in situ display of, 284  
 News Items, 184, 319, 480, 675, 880, 1047  
 Night blindness (nyctalopia), syndrome of congenital high myopia with, 541

**O**  
 Obituary: Gertrude Rand, 633  
 Onchocerciasis, ocular, topical Hetrazan in treatment of, 741  
 Ophthalmomyiasis interna posterior, unusual case of, 978  
 Ophthalmoscope, indirect, sterile manipulation of, 635  
 OPTIC NERVE, hypoplasia, 950  
 hypoplasia of, with holoprosencephaly, dwarfism, and agenesis of septum pellucidum, 960  
 transected and intact, in rabbits, effect of phenobarbital and aqueous humor dynamics in, 686  
 transection, effect of, on osmotic alterations of intraocular pressure, 214  
 vascular supply to, in primates, 341  
 ORBITAL, exploration, self-illuminating nasal speculum in, 434  
 vessels, calcification of, 321  
 volume following evisceration, enucleation, and extirpation in rabbits, 787  
 Orbitofrontal varix in Klippel-Trénaunay-Weber syndrome, surgical management of, 109  
 Osteoonychodysplasia, hereditary, 604

**P**  
 Palsy, superior oblique, presenting in late childhood, 212  
 Patau's syndrome with unbalanced D/D translocation, ocular pathology of, 383  
 Penetration of radioactive calcium into aqueous and cornea of normal and alloxan-treated rabbits, 1003  
 Peritoneal dialysis, central retinal vein occlusion following, 337  
 Phenobarbital and aqueous humor dynamics in rabbits with intact and transected optic nerves, 686  
 Phenylephrine hydrochloride, mydriatic effects of, 729  
 Phosphorus, radioactive, uptake test, reliability after ocular surgery, 281  
 Pseudo-exfoliation of lens capsule, corticosteroid-induced ocular hypertension in, 90  
 Pseudofluorescence—a problem in interpretation of fluorescein angiograms in, 1

**R**  
 Reading ability, relationship of controlling eye-dominant hemisphere, 96  
 Retinal circulation in hyperviscosity syndrome, 588  
 RETINA, detachment after manipulation of magnetic foreign body, 10  
 detachment, electro-oculography as test of, 505  
 detachment in American Indians, 981  
 detachment surgery, combined localizer and scleral marker for, 852

## RETINA (continued)

- metastasis and tumor cell emboli, trypsin digest study of, 778
- peripheral, meridional folds, meridional complexes, and associated abnormalities of, 697
- recovery from light exposure, 187
- vein, central, occlusion following peritoneal dialysis, 337
- Retinitis, foveomacular, sun gazing as cause of, 491
- Retinoblastoma, experimental morphology and behavior of cells in vitro, 771
- Retractor, iris, for use in cryoextraction of lens, 139
- iris, mounted laterally, on anterior chamber irrigator, 138
- rake and shovel, for orbital blow-out fracture repair, 140
- Rhodopsin, office evaluation of, 995

## S

- Schlemm's canal, role of blockade of, in pathogenesis of primary open-angle glaucoma, 691
- Scleral contact lenses, dry eyes and, 37
- Sclerocornea, penetrating keratoplasty in infant with, 609
- Scopolamine eye drops, toxic effects of, 637
- Senile macular degeneration, macular vessels in predisposing and disciform, 498
- Socket reconstruction, advances in, 800
- Sphenoid sinus mucocoele, 991
- Static perimetric, technique, test of receptive field properties.
  - I. Extension of Westheimer experiments on spatial interaction, 113
  - II. Adaption of method to quantitative perimeter, 126
  - III. Clinical trials, 244
  - IV. Further analysis of patients with lesions of visual pathways, 403
- Subacute, necrotizing encephalomyelitis, ocular findings in, 599
- Sun gazing as cause of foveomacular retinitis, 491
- Sutures, modification of buried horizontal for entropion, 236

## T

- Treponema pallidum growth in rabbits, 273
- Test, diagnostic illumination, for keratoconus, 141
- microtiter indirect immunofluorescence, to demonstrate relationship between genital TRIC and related organisms, 367
- reliability of radioactive phosphorus uptake after ocular surgery, 281

Tonomogram reading by digital computer, 922

Topographic tracings in cardiac rhythm disturbances, 929

TRIC agent infection, acute, evaluation of laboratory methods for detecting, 375

genital, immunologic relationship with related organisms as shown by microtiter indirect immunofluorescence test, 367

Trypsin digest study of retinal metastasis and tumor cell emboli, 778

TUMORS, adenoma, glands of Moll, 984

basal cell, of eyelids, reappraisal of, 329

benign mixed, of lacrimal gland, report of malignant transformation of, 767

conjunctival, radioactive scleral shells in treatment of, 783

eyelid, histologically controlled excision of, 240

nonpigmented, and pingueculas, of the conjunctiva, among Africans, 757

## U

Uveitis, in association with topically administered corticosteroid, 883

peripheral, in multiple sclerosis, 17

## V

Vascular meningioma or orbital hemangiopericytoma? 103

Vascular supply to optic nerve in primates, 341

Vein occlusion, central retinal, following peritoneal dialysis, 337

Visual acuity, influence of eye position, 199

Vitreous wick syndrome as late complication of cataract extraction, 483
